UNITED STATES COURT.

In the United States District Court, yester day, before Judge Bryan, a bench warrant was ordered against Columbus M. Blackburn to receive his sentence, and a scire facias against his bail to show cause on the 3d June next

why the same should not be estreated. George A. Bowman, of Charleston, of the firm of C. D. Carr & Co., received his final dis-

charge as a bankrupt. The following jurors were drawn under order to serve at a special term of the Circuit Court to be held on the first Monday in August, at Columbia:

Foskett Graniteville; Daniel Harris, Camden; D. M. Felt, Lancaster; James C. Griffin, Belton; DuPree Salzburg, Union; Peter Brown, Orangeburg.

The court then adjourned until ten o'clock this morning.

NAVAL STORES FOR GREAT BRITAIN,-There was cleared yesterday, by Mr. Henry Card, the British bark Lalla, for Liverpool, with 1836 barrels spirit turpentine and 1414 barrels

THE SOUTH CAROLINA SAILS WEDNESDAY, AT 8 A. M .- This elegantly appointed passenger steamship of the "Iron Line" will be dis patched from Union wharves on Wednesday morning at eight o'clock. Passengers will be promptly on board, and shippers should make all deliveries by this evening.

EPISCOPAL SUNDAY-SCHOOL ANNIVERSARY .-The auniversary exercises of the various Episcopal Sunday-schools in the city will be held this afternoon. The children will assemble in their respective Sunday-school rooms at 3 P. M., and march thence to Grace Church, where a series of interesting exercises, consisting of singing, addresses and the distribution of prizes, will take place.

Pionic.—The Turnverien went upon their annual picnic yesterday, at Mount Pleasant, and spent a delightful day, in singing, turning, dancing, &c. Several prizes were awarded for shooting and turning; but, tempted by the splendid evening, the marconers prolonged their stay until a late hour of the night. Dancing was kept up with much spirit until after ten o'clock, when the participants took the steamer and reached the city about 11 P. M. The piculc was a thoroughly enjoya ble affair, and passed off very successfully.

CUTTING AFFRAY .- On Sunday afternoon colored man was cut by another so badly that his life is despared of, at the Bulow place, in St. Andrew's Parish. The sufferer was sitting in his house, when the other man came in, and taking up a razor, said, "I am going to kill you." He then cut at the throat of the wounded man, who defended himself as best he could until assistance arrived. He was badly gashed in the throat, and also received severe cuts on the arm and chin. The bleeding from the latter was easily stopped, but not so with that from the throat, and when last heard from the wound was expected to pro tatal. The assailant was arrested, and is held to await the issue of the case.

THE GREAT NATIONAL PANORAMA OF THE UNITED STATES .- This great Southern enterprise was begun two years ago, and at this time is fast nearing completion. The finest talent in the country has been employed in sketching and painting the scenes at a cost of ten thousand dollars. Each picture covers canvas nine by ten feet, and all who have seen it testify to its merits and express their astonishment that such an undertaking should have its origin here in Charleston rather than at the North; but we are not as dormant as outsiders take pleasure in announcing, and hope to show the people of this country that art has been encouraged. June 1st is set for the first exhibition, and we sincerely trust that Charlestonians may tender the managers a fitting testimonial in the shape of full

CLUBS AND STARS,-Mrs. M. C. Altman, charged by her husband with being insane was ordered to be sent to the City Hospital or give a bond of one hundred dollars for future good behavior.

Isaac Pontoux, arrested on the charge of trial instice.

Joseph Johnson, lodged for raising a disturbance in a store on King street, was fined

Frank Murphy, arrested for interfering with a woman and knocking a bucket of water from her head at the corner of King and Tradd streets, was fined one dellar.

L. Mayzck and Rebecca Ford, lodged for fighting in Elliott street, were turned over to a trial justice.

One inebriate, found sitting on the doorsteps

of a residence in Amherst street, was locked

up and fined one dollar. STRAY CATTLE,-The number of cows and goats, &c., which are now turned loose on the streets is surprising. Yesterday morning a small herd of seven cows, a mule, seven

goats, four kids and a black and white dog was brought before the Mayor for judgment. Ten dollars was levied upon the lot, and as a matter of course promptly paid. If things go on thus Clubs and Stars will have to lay aside his warlike truncheon and take to the lasso. The fine upon an inebriate or peace-breaker is the same as that upon a cow, and the pay from the latter is by far more certain. Instead of the present troublesome mode of heading off the game and driving them to the Guardhouse, a skilful policeman may draw his lasso, and giving it a whirl settle the noose cleverly over the horns of the wandering cow. Gently tightening the folds, Clubs and Stars may lead off his captive in triumph to the Guardhouse, proud of his success and sure of the half dollar which inures to him from the fine. Inquisitive goats, melancholy donkeys, mad dogs and refractory horses might thus be easily secured, and a new way to fortune opened to the police. As the latter become more skilled the lasso might also be used with certain effect to stop fast driving along the streets, and few Jehus would be so reckless as to dash by a policeman who orders him to halt, and dare the strength of his tried lasso. If the cows and goats keep coming, by all means let Clubs and Stars have a lasso.

An Elopement Without a Marriage.

About twelve o'clock yesterday, Samue Johnson, a well known official of Savannah, was arrested in Richmond on the charge e thousand dollars belonging to the City of Savannah. It is stated that last Saturday night Johnson drew the sum above named, and went out at six o'clock for the purpose, as he said, of paying off the city hands who were at work building the sewers about which Savanuah is at present in such a flurry. It is needless to add that the hands were not paid off that evening, but Johnson instead took his seat on the train for this city, accompanied by the wife of a respectable citizen of Savannah. The game was soon up, and telegrams and the husband started in pursuit of Johnson. The latter had taken a through ticket and passed rapidly through this city on Sunday some time before the telegram was received. The husband arrived later in the afternoon, and on his statement Lieutenant Heldt, of the detective force, sent a dispatch to the chief of tectives at Richmond to be on the lookout for "this party by the name of Johnson." The latter was arrested vesterday in Richmond as he stepped from the train with his "dame de companie," and is held subject to order. An officer was dispatched to Richmond yesterday to bring the party back to be dealt with according to law. Johnson is a man of family, and left a wife and three small children behind him in Savan-

COLONEL JOHNSTON'S TOUR OF EUROPE WILL positively open for exhibition this evening at Hibernian Hall, and afford an opportunity for all to take a run through Europe and witness the wonders of the Old World without leaving the city and without the expenditure of more than a dollar. The press in every city that has been visited by this exhibition has spoken highly of it, both on account of the real merit of the panorama and of the humor of the veteran exhibitor, Colonel Johnston, who makes the most charming of guides and carries his audience with him in such a realistic way that it is second only to an actual tour of the Continent. In connection with the entertainment there will be given away each night one stealing carpenters' tools, was referred to a hundred presents, cons. sting of jewelry, greenbacks, watches and other articles of use and

The New York Cotton Market.

New York, May 17.

The Financial Chronicle says: We have nad a very unevential week in the cotton market, with the demand moderate and almost wholly confined to supplying the wants of spinners. Liverpool has been a fraction higher, with more doing, and prices here have also advanced, but they are so much above Liverpool that the influence from that quarter on our quotations was not very decided. The basis of the confidence felt among holders lies in the fact that receipts have declined to a very smell figure, while the stock of good staple is very limited, and reports from the new crop less favorable than anticipated.

These circumstances, together with a large short interest continually hanging over the market, assisted also somewhat by the Liverpool advance, has given the strong tone and upward into to prices, resulting in advance in good ordinary &c, and grades above &c during the week, middling uplands on the spot closing to-night at 21%C. Much of the spinner purchases have been of low grade stock that would hardly pass on contracts. For future delivery, interest has largely centered in May and June, but the general advance is about the same as for spot cotton. The prices last reported for futures were (basis low middling) 23% c for May, 23%c for June, 24%c for July, 241-16 for August, 22%c for September, 20% for October, 19%c for November, 19%c for December, The total sales of this description for the week are 63.500 bales. For immediate delivery the total sales foot up 3047 bales, including 280 for exporr, 2518 for consumption, 224 for speculation, and none in transit. Spring st.
